

Aluminium plate/ Aluminium plate

Aluminium plate also named aluminium plate, contains aluminium plate, aluminium angles, aluminium rivet and reinforced rib if necessary for large panels. As the aluminium is usually below 3mm, the light and high strength, long lifetime, excellent weather resistance, and numerous color options make it widely used as facade decorations, commercial ceiling projects.

Production process:

Metal sheet-shear cutting -bending-roll arc-argon welding-assemble-polishing-surface treatment-packing

Aluminium plate now become Morn's new products category, Morn offer comprehensive Aluminium plate products with competitive price.
